

# Prayer and Praise

## INTO ALL THE WORLD

**IRAN** –in the news much recently –we do not have any work there currently but they do need prayer. This note from **IMB**: A warning from the supreme leader of their country did not stop Iranians from protesting yesterday. When they gathered as promised near parliament buildings in Tehran, they met swarms of riot police. The beatings and violence reflect the hard-line government's fear of change. According to the International Mission Board, Iranian Christians say Islam is losing its power and people are looking for something more. Pray that the political turmoil will cause many to turn to Christ for lasting peace.

**YOUR CHURCH** – pray for God to move in this summer period to bless your pastor, leaders and whole church ministry.

**Rachel Sticklee** – writes that the truck is working well now after repairs.

Driving through a river each day causes problems! Pray for safety and wisdom for Rachel as she works with the women in Dominican Republic.

Read her update on her blog at : <http://deraquel.wordpress.com>

**Gene and Janice Weatherby** are getting settled in – pray for the right accommodation, visa, and the starting of their new work.

**Paul and Ale Watson** are working around construction at the Oasis centre. Pray for God to give them words of witness and comfort to those dying of A.I.D.S.

**Pat Kokura** –pray for the street boys in Uganda, and for Pat as she raises needed funds in B.C.

Pray for **Ian and Lynne White** as they care for the children at Rehema Children's home in Kenya.

**Angela Belovicz** will be home in July to bring one of their children back for further education. Pray that she will be able to speak and raise further funds.

**Ethiopia** –we continue to work with Prison fellowship. Pray that their chaplains will be used to preach Jesus to the prisoners. Pray also for the radio programs to be used to share the Gospel with the Afar.

Pray for complete healing for **Jeanetta Lewis** (age 2) who recently had malaria. Pray for completion of the new class room at **All Nations School** in Zanzibar.

Pray for our search for new staff for Into All The World.

Remember **Cap and Pastor A** in Libya as they start their ministries in this land.

Pray for our workers in **Sri Lanka, India, Cameroon, Chad, Benin, Niger and Philippines** to be effective in their Gospel outreach.

**Nancy Riegert** (and the family) have been air-evacuated from Ethiopia due to health reasons.

Pray for her condition to be stabilized and healing.

As we go to press they have just arrived back in Canada, Nancy is at Sunnybrook Hospital in Toronto, the boys will spend the summer at Circle Square ranch, Arden. Ken thinks he will be here for several weeks, and Nancy perhaps for several months until she is stabilized from her present health issues.

July 3 **Jericho Windover** heads to Zanzibar for five months. From Selwyn Outreach Centre in Peterborough she is a recent graduate in business and culinary arts. She hopes to use her gifts in ministry to strengthen the school, assist in starting a youth outreach and planning for the new High School . Pray that God will bless her time and use

her for His glory giving her guidance and direction for her life.

**Devin Cross** from Fenelon Falls has been doing youth work in Ethiopia. Mid-July he heads to All Nations Academy in Tanzania. He will be working with the school to do some youth outreach, as well as working to set up a High School curriculum. Pray for God to use him for His glory as well as guidance for his future.

**Evelyn So**, from Queens University has arrived safely at Rehema house in Bukura, Kenya. Pray for her as she sets up some physio-therapy programs for children at the orphanage as well as needy children in the village and surrounding area.

Denise Elliot was married to Martin Ramirez on June 20<sup>th</sup> in Chatham. It was a beautiful Christ-honouring wedding. The couple took a honeymoon in northern Ontario for a week. Now they are doing further mission deputation prior to returning to Peru to Tarma in August to continue to develop the new outreach to children and youth of the area.
