

*May your New Year be greatly blessed.*

**2010**

Into All The World – January 2010 – News and Prayer bulletin.

Please pray for God to direct our new 2010 special project “Rise up and build.” In the tax receipts mailed in January there will be information of the 7 building projects IATW is involved with in 2010. We believe these projects will assist in outreach and edification for God’s glory.

**In South Africa Paul and Ale Watson** report that the December outreach touched many lives. In 2010 they will be doing renovations as well as new programs. Pray for more volunteers to help in varied ways. The family is doing well.

**In Ethiopia Ken and Nancy Riegert** are rejoicing as their two new vehicles have cleared customs. One of the new trucks is for the NGO set up to minister tribally. They also have distributed the first truck loads of food for the famine areas. The recipients are overjoyed at having food. Pray that they will meet the God who provided this food through those who love Him.

The New **Desert Child** – education program for tribal children now has 3 sponsored children. Pray that as well as learning their A.B.C’s they will meet the Lord Jesus.

Pray for **David and Christina Lewis in Zanzibar**. They have uncovered dishonesty in some of the African leadership and it is proving difficult to deal with. Pray for the leadership council meeting in January to be able to totally resolve the problem for God’s glory.

**2010. What is your hearts desire?**

As we come to the new year – seek God? What is His hearts desire for you? Is it to know Him more? To grow in wisdom? To walk in His righteousness, truth? Will this be the year the Great Commission will be finished? Will you have a growing part in its completion? Seek Him. Listen for His voice. Follow His leading for His glory.

**Pat Kokura – Uganda.** Pray for wisdom and direction as she seeks to build a centre for the boys this year.

**Micheal and Angela Belovicz –Bolivia.** Pray for wisdom and direction as they serve at the restoration home for street children.

**Larry and Susan Campbell –Honduras.** Education and ministry of helps as Larry tackles a new project in the new year.

**Rachel Sticklee** is attending a mission training course in Colorado in the new year. Pray that she will learn many helpful things for her life and ministry.

**Denise and Martin –Peru.** The roof is on their first building. They are speaking at various churches in Ontario in January. Pray for new contacts and increased support for the needed buildings at the outreach centre they are developing.

**Gene and Janice Weatherby (South Africa)** are starting a new micro-enterprise program. Pray for wisdom for this as well as continued language learning.

**Ian and Lynne White - Rehema children’s home. Kenya.** Pray for wisdom for the running of the home and the care of the many children under age 4. As the number of children and staff increase pray for God to keep problems to a minimum.

**Charlotte Weenink – Barrie.** Pray for Gods continued direction and provision in the new year as Charlotte explores new opportunities of outreach and service.

**Sri Lanka – Pastor Abraham** has a meeting with his old landlord. Pray they can come to an agreement for them to stay in their present house for a few more months until a new one can be built on their land.

**India.** This year giving was down and we were only able to send Christmas support to one widow. Pray that we can find new supporters to stand with the poor and dispossessed in India.

**North Africa** – photo of leaders at a recent training course in Libya.

Pray that God would use these leaders to bring the Gospel to many in Libya.

**Bitrus Audu –Nigeria** pray for him as he returns to study in the U.S.

**Bettina Vasquez** as she raises needed support for her ministry as well as for her March trip to Africa.

**Bill and Barb Lewis** as they travel to Africa to resolve some leadership issues on the field. Wisdom. Also for new Canadian staff to be raised up to be new managing directors.
