Prayer Bulletin

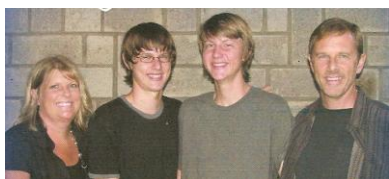

August 2010

Note our new address. In July we took possession of an office in Guelph so the work and ministry can continue to expand and grow. Please pray for God to help us find the right volunteers to serve the ministry. Items delivered to the old address will be taken to the new office. The Board will be having its first meeting in the new office on August 9th. Praise God for a generous donation of furniture.

Bettina Vasquez and Travis Gosselin were married in July. Pray for them as they start their lives together. An interesting blessing to the marriage was given saying they have a mantel on their lives for world outreach. Pray that we can seek to develop that together for God's glory.

Martin Ramirez and Denise continue working on their buildings in Peru. They have announced on Face Book that God willing they will have their first child late this year or in January. Pray for the work as they work with children and youth sharing the love of Christ. Pray for a healthy child for them as well. Just heard they have moved in to their home.

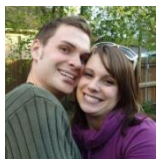

Riegerts-Ken, Nancy, Luke and Adam are in Canada this summer on furlough. Pray for Nancy's health, for Ken as he travels and speaks, the boys at camp and Adam as he prepares for university in the fall. In Ethiopia

continue to pray for the construction of the camel watering project, production of new radio programs and development of the school for nomadic children.

LARRY & SUSAN CAMPBELL of Ridgetown headed back to Honduras in late July. Pray for them as they undertake new projects this summer and fall.

Eric and Samantha White along with Lynne White leave for Rehema House in Kenya in early August. Pray for them as they get trained by Lynne to run the orphanage for the next year. Pray for good health, a quick grasp of running the home and where to find what in Kenya and sharing Christ with the people in Bukura.

ALL OUR WORKERS ARE THANKFUL FOR YOUR PRAYERS.

Ian and Lynne White –ask for prayer for wisdom to build 3 mission houses this summer and Lynne to be accepted into nursing school when she returns from Kenya in late August. Also for their 40 + children in the home and their care and upbringing in the love of the Lord Jesus.

David and Christina Lewis are in Canada doing deputation work. The school in Zanzibar started its second semester in July with 150 students. The Pastors council is working hard with the government to get a permanent solution for school leadership. Pray for Gods guidance and wisdom. May truth and righteousness reign –not bribes and corruption. As well as speaking, and doing some studies David is helping with IATW office administration.

B The book “Muslims, Christians and Jesus” is available from our office for \$20. One of our board members just finished reading the book –the next day they went to a home to pick up an item they purchased from Kijiji. It was a Muslim family moving from Guelph to Winnipeg. They invited our IATW family in for tea. Having read the book it made the visit much more enjoyable and profitable. The Muslim family were saying they had not made any Canadian friends while here. So our board member is now able to connect them with an IATW family (a pastor) in Winnipeg. You will enjoy reading the book. Call us to order at 705-8877-6548.

Pat Kokura in Uganda writes that other than their land deal everything is going well. The street boys are doing well in school and most responding to the love they are receiving. Pray for honest judges who don't accept bribes for the court case over the land for the new home.

Weatherby's ask for prayer for a good home in Saskatchewan for the winter where they can have house church meetings prior to their return to South Africa.

Watsons in South Africa sent a long and encouraging report of their activities during the world cup. Over 1000 received Christ and many more were impacted through various teams. Pray now for open doors for the Watsons to minister.

Micheal and Angela Belovicz return to Bolivia August 4th having been in Canada for the past two months. Pray for their ministry as they return.

Rachel Sticklee is busy making some renovations to the building in Dominican so they have better storage. Pray for wisdom and help as she nationalizes the work.
