## **Pastor Abraham and Vasanthi Emmanuel of SRI LANKA**

Please pray with us that we could reach our 3 goals for 2012. 1) My goal for 2012 is to start five branch churches. 2) My dream is to construct my residence and the church on the land purchased, 3) Baptizing more souls for the kingdom of God.

**Pat Kokura - UGANDA** – There are many challenges in Uganda from extended power outages, internet down, unfinished projects and the inability to reach the lawyer who is looking after the land case. Please pray especially for the court case to be settled once and for all and we can begin building our \$80,000 project. We are thankful for the new staff who have been a great help. The boys are very well and there are many good reports.

**VEI Mission - INDIA - D.F. Hallelujah Israel** We are thankful for the ministry that took place at the children's Christmas Program in all our branch Churches. We reached out to the poor with a Christmas dinner and pray that HIS glory was shown and a new hope was received in everything.

**Denise and Felix Ramirez – PERU** - Please pray for **Karina and Oscar** as they continue classes with the children in Huaricolca. Pray that the children will accept them and form a strong lasting friendship. Please pray for Martin, Denise, and Brianna as they settle into life in Canada, that God will provide jobs and housing quickly, and that God would bless the final presentations to their sponsors.

**Lynnette of Haven of Peace in KENYA** - Life in Kenya has become very interesting! When there is a shortage, (at the moment its cooking gas & sugar) it's then sold at double the normal price! Pray for the Lord to intervene. Also, pray for the Christians who are living just an average life where holiness is a sentence in the Bible and they live as they please. Pray for plans that are underway to purchase a car for the ministry.

**Ken and Nancy Riegert in ETHIOPIA** - We are thankful that our son Adam was able to visit at Christmas because of a generous giver. Please pray that Adam gets a job in January and that a summer job opens for him as well. **We are prayerfully looking for 4 prayer walkers who will give 10-12 days in April to come here. Recruits need to have a ministry of prayer, some knowledge of the A. people, and be in relatively good health.**

Pray for the anticipated church plant. Continue to pray for Nancy's health so she becomes stronger to be able to begin the HEAL program. To learn more of the April 2012 prayer walk please call Bill at 226-706-1701

**Larry and Susan Campbell** serving in **HONDURAS** - Please pray for a family that is experiencing a major relationship issue. Pray that God will come into this situation and bring reconciliation and healing. Pray for work so that the men can provide for their families, and an attitude of joy, not jealousy, when a brother is successful.

**Dan and Deena Simmons - SOUTH AFRICA** - Pray for Dan and Deena and children as they begin work for 2 months in SA. They will be working with *Shekinah Christian Academy* and the Baptist Church. This is a visioning trip to confirm what they believe is a call from God to serve Him in South Africa.

**Paul and Ale Watson from SOUTH AFRICA** - Praise that we were able to pray with many people and volunteers at World Aids Day. During this time our van was stolen, which is a common occurrence. It was disappointing. However, a lady who had not known any of our situation told us HE would give us a white van in January, we again were humbled as someone had come forward and donated a van...and it is white. We are still working on our visa, pray that details are worked out and the work we have started will continue.

**Gene and Janice Weatherby**. Pray for the fruit of our trip to Cuba to remain and expand according to Kingdom principles. Pray for the next trip soon.

**Rachel Sticklee - DOMINICAN REPUBLIC** - Pray for the women as we embark on this new journey of each of them being independent. Pray that God continues to provide for them. Pray for the next steps in the co-op that God directs our ladies in leadership positions and shows us how we can serve spiritual needs. Pray that God provides a GIANT miracle for Jonathan's paperwork!

**Bitrus and Monica Audu of NIGERIA** – Over Christmas there were bombings and many deaths – Voice of the Martyrs is concerned that this could escalate into civil war. Pray for God's peace and strategy to deal with the terrorists.

**ZANZIBAR**– **David Lewis** made a fast trip to Zanzibar in December. Pray that the government will act swiftly as the school currently cannot open in January until the government deals with a certain issue.

**KENYA Rehema Children's Home** – is still in limbo. The judge said he would bring a decision Dec 16<sup>th</sup>. However, that judge was transferred and a new judge takes over the case which Ian brought against the church some 9 months ago. Next court date is mid-January. Again please pray for a quick and just resolution.

## **IATW:**

We welcome two part time Canadian workers starting in January, **Rev. John Howard** and **Rev. Bernie Smith**. They are so new to working with Into All The World we do not have photos of them yet. John has a mentoring, counseling, ministry in Barrie, Ontario. Bernie, in Calgary, ministers to youth and seniors – Bernie is approaching 80 and his outreach is called Bridging The Gap.
